BRING BACK PLAYTIME

We work with venues to market and run regular events that encourage human connection - the ideal drinking companion!

Our unique five star experiences provide interactive team fun for ticketed and private custom.

Meal & drink packages plus seasonal tailoring available.

Events are set up, played and packed down with teams of professional actors, and a ticket management option to suit you.

We're looking for venues to become destinations for regular entertainment with more reasons to stay, share and return.
